

Hay, Brecon & Talgarth Sanctuary for Refugees

Hay Brecon and Talgarth Sanctuary for Refugees Press Policy

The group will nominate at a meeting people to be spokespeople for the group. These nominations will be valid for a year and can continue with ratification annually.

We will prepare a press release and website article (and other media) after any event or noteworthy occasion that will be agreed upon by the Chair and Secretary before release.

In the event of an incident provoking press interest, we will agree on a spokesperson to field questions. All group members will refer press queries to the spokesperson and refrain from commenting to the press. We will prepare a statement that can be emailed to the press. We can tell the press that a statement is being prepared.

We will run a Facebook group that is visible to anyone but only members can post and any post is approved by administrators agreed by the group.

We will run a Twitter account that is managed by the webmaster and will tweet about activities and noteworthy campaigns.

We will run a website administered by agreed group members.

Group members may contact the Secretary with any concerns and these can be rapidly discussed with the executive group.
