## **Policy on Bus passes for travel to college.**

The person must have the support of the local volunteer coordinator/ workers as they can judge the individuals needs against many others .

They must be enrolled on a full time course,

They must have mobility issues or personal circumstances such as childcare that would make walking /cycling unrealistic.

They must live more than a mile from the college  
[Gower college will offer subsidised passes to full time students who live more than a mile from college and who are on full time courses. People aged 17-19 should get a free pass] .

HBTSR will only pay up to £2000 per year upon travel passes so either we subsidise a few or pay full cost on a first come first served basis.

Policy drafted October 2019
