

Hay, Brecon & Talgarth Sanctuary for Refugees

Policy on Bus passes for travel to college.

The person must have the support of the local volunteer coordinator/ workers as they can judge the individual's needs against many others .

They must be enrolled on a full time course,

They must have mobility issues or personal circumstances such as childcare that would make walking /cycling unrealistic.

They must live more than a mile from the college [Gower college may offer subsidised passes to full time students who live more than a mile from college and who are on full time courses. People aged 17-19 should get a free pass] .

HBTSR will have an agreed limit each year [previous years has been around £2000] to spend upon travel passes so either we subsidise a few or pay full cost on a first come first served basis.

Policy reviewed November 2021
